Federation of Swiss IT Experts

Förderverein Schweizer Informatikexperten / -expertinnen

Fédération Suisse des Experts en Informatique

Federazione Svizzera degli Esperti d'Informatica

The Title Expert FSIE™

Motivation - Problem Areas ...

(1) The quality and security of IT are a critical for our economy and society!

(2) Failures and flaws caused by non competent decision makers

(3) Young people fear the dynamics in IT to choose this profession.

(4) Aged IT professionals (>45) loose market value

(cost, time, quality)

(5) The team and customer collaboration is often unsatisfactory

The Solution

**The IT
Post-Graduate
Lifelong Learning
and Practice Title**

What FMH is for Medicine, the FSIE is for IT!

... and what our Solution offers that existing IT-Certificates do not cover

(1) FSIE is a Swiss non-profit association. Experts for experts – no money-making certification but dedicated to quality

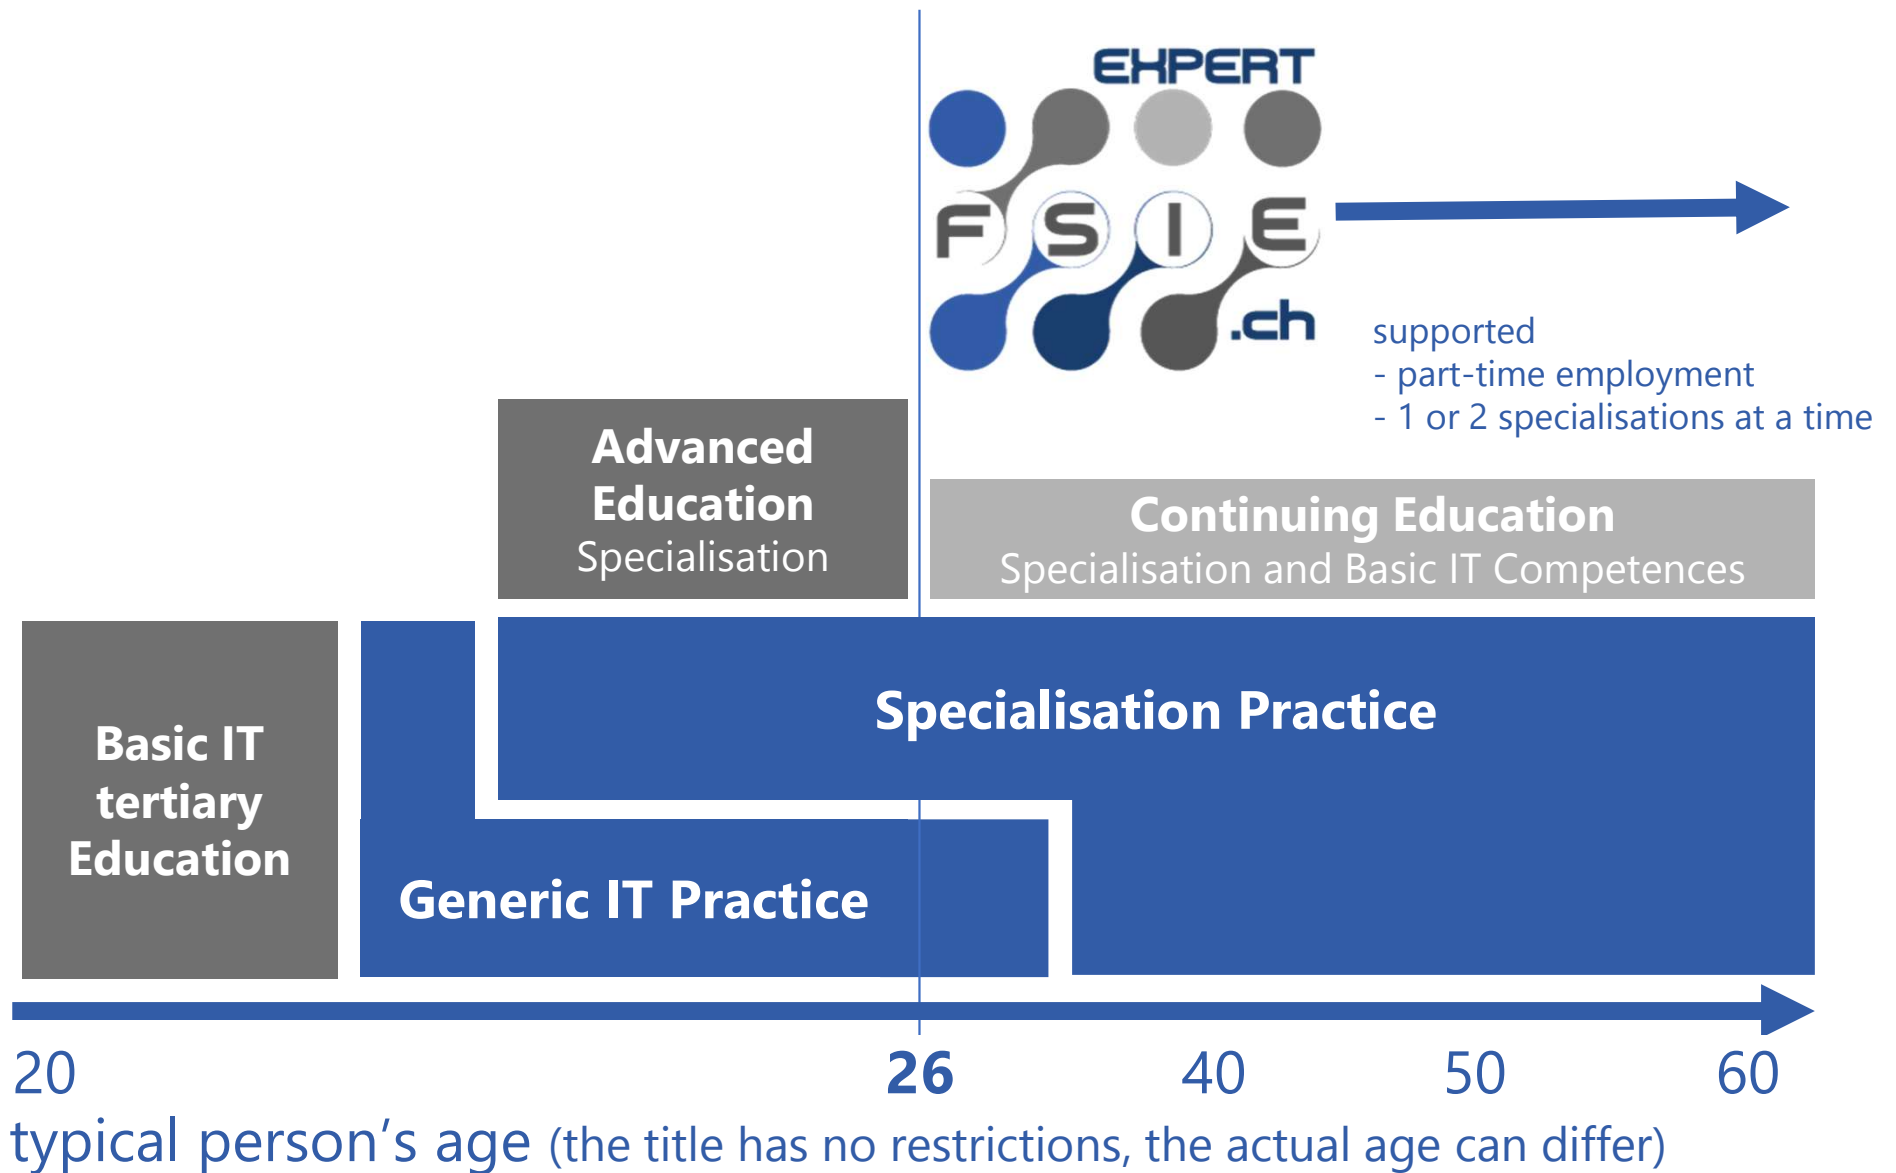

(2) Experts FSIE are recognized and competent decision makers – projects are successful

(3) The titles Expert FSIE™ provide stable roles and clear perspectives in IT

(4) The FSIE validates continuing education of any provider and the professional practice to hold the market value high until retirement

(5) The common vocabulary CBOC (Core Body of Competences) assures efficient collaboration
